No sign of life throughout earth and sky
Red horizon bleeding in the sands of time
Lost control, mass destruction in my hands
Shades enlighten my spirit once again
Face to face, deep inside
Corruption by my side
I'm living for the kill (this is my will)
Chaos ruling all your life
Among the truths, among the lies
I see in your eyes
A painful appeal

Dominated by sword... "you obey!"
Forged in fire, my empire is called decay
While you die, I send one thousand to my hell
They're marching and preaching my unholy spell
Ashes to ashes
Dust to dust
This military lust
Your destiny is to die (right between the eyes)
Hear my name in the wind
In this rotten hell that I can bring
My name rules supreme
I'm the lord of the flies

Hellbound

When darkness is coming down
Creatures rise from underground
Their evil has no bounds
Going hellbound

Obey...

War! War!
One more time
Another genocide
Revenge is burning me inside
Peace! Peace!
Is only a dream
Don't try to save your skin
A new era begins

I can hear you scream

Hellbound
