

## **Total Devastation "Converted Illusion"**

Visit "[Converted Illusion](#)" on MotoLyrics.com

Through my senses  
obstacles within  
Dreams carried up  
imagination has begun

See - Control of my utopia beyond  
Feel - Emotions aroused by my agony  
Dream - Anxiety of my utopia beyond  
Fantasize - Convert the cycle of illusion

Through my senses  
myself seeing in mirror  
The subconscious battles between  
myself seeing in terror

See - Control of my utopia beyond  
Feel - Emotions aroused by my agony  
Dream - Anxiety of my utopia beyond  
Fantasize - Convert the cycle of illusion

Say no more about anything  
relief not in available anytime  
These morbid thoughts of my own  
please help, nobody can

Anything...  
Anytime...

Time no matter what to do  
cause and effect all the same  
Struggle in the dreadfulness  
dying must be the cure

Say no more about anything  
relief not in available anytime  
These morbid thoughts of my own  
please help, nobody can

Anything...  
Anytime...
