

Total Devastation "Reclusion"

Visit "[Reclusion](#)" on MotoLyrics.com

Shadow of your darkened mind
Brought to you by force
Black dream in the dead of night
Freedom limit - Reclusion

Walls around your hands tight
People see what they believe
No emotion in your sorrow mind
Feelings bound - Reclusion

Born in this cage I see myself

Reclusion - memories tied with chains
Reclusion - mind made up by you
Reclusion - thoughts bend in shape
Reclusion

Freedom - a dream come true
Within these walls I become you

Time it seems to last forever

Nothing but lies is brought to you
All but hope there is for you

Born in this cage I see myself

Reclusion - memories tied with chains
Reclusion - mind made up by you
Reclusion - thoughts bend in shape
