You're near, that moment's here  
I'm almost in your arms  
Tonight, the mood is right  
I'm almost in your arms

One sigh, one word  
And I will rush to your embrace

Say that certain word  
Sigh that certain sigh  
And with all my heart  
To your arms I'll fly

It's strange, how we are changed  
By things that seem so small  
One look can write a book  
One touch can say it all

We've known those nights alone  
And now we found our way

I'm almost in your arms  
Nearly in your arms  
Almost in your arms to stay
