The twinkling of the fireflies  
The winding mountain trail  
The stars reflected in your eyes  
The distant nightingale

Combined to engage  
In setting the stage  
For just us two

Well, at last we're alone  
Far away on our own  
Far away from the loud and curious crowd  
Away from the phone

You are safe as a bird in a tree  
What threat could there possibly be?  
Except me

Yes, at last we're alone  
Absolutely alone  
With a green little knoll  
Performing the role of our chaperone

Don't holler for help  
No, not even one little yelp  
'Cause it's sweet to be  
Such a treat to be alone

You are safe as a bird in a tree  
What threat could there possibly be?  
Except me

Yes, at last we're alone  
Absolutely alone  
With a green little knoll  
Performing the role of our chaperone

Don't holler for help  
No, not even one little yelp  
'Cause it's sweet to be  
Such a treat to be alone
