I know a spot, peaceful and fair
I'd be so happy if I were there
No matter where I chance to be
Connecticut is the place for me

Miss every lake, miss every hill
Even in dreams, I think of them still
And when you see them, you'll agree
Connecticut is the place to be

Village dreams and childhood scenes
Are things that I remember yet
Land of dreams and moonlit streams
How close to heaven can you get

Nights full of stars, hearts full of joy
Paradise for a girl and a boy
I guess it suits me to a T
Connecticut is the place for me to be
Connecticut is the place for me

Sounds like a great stage for a late date
With a mate waiting just for you
And every Yale guy is a male guy
Through and through

Sounds like a great stage
It's never hum drum dating some chum
With her thumbs strumming a guitar
You'll find the chicks slicker and they mix quicker by far

Sounds like a great, great stage
It's quick and spanner then old Montana
And Indiana can't rate
The nights are longer, the men are stronger
So linger longer and wait
'Cause it's a great, great, great, great stage

Circle the globe, dozens of times
Seen all its wonders and I've known all its qualms
I've searched it with a fine tooth comb
And found that I have only one home sweet home

Connecticut always will be my home sweet home
