Though the world has grown cold  
We can vanish the chill  
We can order the present to vanish at will  
We can darken the room we can start the machine  
And from here in the gloom as we gaze at the screen  
We can step into yesterday still  
We can step into yesterday still  
Ohh wasn't it romantic,  
All storybook & song  
You fragile as a snowflake  
I resolute & strong  
How lovely the glow that I recall  
How lovely, to know that love was all  
White willows in the moonlight,  
Bright silver in the street  
Ohh did it really happen,  
Or was it just a dream?  
No matter I still await  
The moment when  
I will know romance again  
Isn't it romantic  
Ohh wasn't it romantic,  
Music in the night  
All storybook & song  
A dream that can be heard  
Isn't it romantic  
You fragile as a snowflake  
Moving shadows write  
I resolute & strong  
The oldest magic word  
How lovely the glow that I recall  
I hear the breezes playing  
In the trees above  
How lovely, to know that love was all  
While all the world is saying  
You were meant for love.  
Isn't it romantic  
White willows in the moonlight  
Merely to be young  
Bright silver in the street  
On such a night as this  
Isn't it romantic

Ohh did it really happen,  
Every note that's sung  
Or was it just a dream?  
Is like a lover's kiss.  
No matter I still await  
Sweet symbols in the moonlight  
The moment when  
Do you mean that I will fall in love perchance?  
I will know romance again  
Isn't it romance.  
Wasn't it romance
