i can't sleep at night, my thoughts so unclear  
when i close my eyes, its yours i see dear  
commen shock of love, can be so crule  
your unawareness, makes me, the fool

together we'd be harmony yeah, woah oh  
why cant you just see, its beauuuuuuty  
unstopable team, you and me yeah, woah oh  
girl dont leave me all aloneeeeeeee

in my new ishu your sent still lingers  
when you gave me change i touched you fingers  
you can blow me up to talk whenever  
simply say the word and be lost forever

together we'd be harmony yeah, woah oh  
why cant you just see, its beauuuuuuty  
unstopable team, you and me yeah, woah oh  
girl dont leave me all aloneeeeeeee

i cant sleep at night  
i cant sleep at night
