"Merry - Go - Round"

Merry-go-round
Sentenced mankind
Chasing with the wind
Owners of thorned wings
Merry go round
The absences of light
Confectionery full of gods
Bend your knees and give your live
It's my reward
The shining light - it pulls me in
Could I resist - the circle will never break
War - insane
Against - yourself
Wide-awake in darkness
We conceive the rules we've made
Wide-awake in silence
Can you raise your head beyond?
Face - cursed by the light
Hands - raised beyond innocent mind
Race - Agony in time
This circle will never break
The shining light - it pulls me in
Could I resist - the circle will never break
