Verse 1

She wore something new.
She borrowed my blue heart.
Cryin'.
You know something's wrong when she's cryin'.

Chorus

She wont be lonely anymore.
Unless he is gone.
No more tearful afternoons.
Because he's back for good.

Verse 2

She wore something blue
She used my new heart.
Cryin'.
I can't stand to look at her when she's crying.

Chorus (repeat)

Bridge

She'll do anything she can.
She's throwing flowers over her head again.
And it doesn't matter who she hurts.
Just as long as she gets hers.

Verse 3

She wore something hers.
She broke my heart, I'm
Crying.
I'm getting sick of always crying.

Chorus (repeat)
