Intro: Well I can't do anything Right Today, Right Today.  
Can't do anything Right. Can't do anything Right Today,

Right Today Right Today. If I could I just might.

Verse: These aggravations and complications I put on

Chorus:

Verse: So who was I to up and leave, and not say

I didn't mean what I said. I'm sorry that I made you cry.

Chorus:
