Gonna break out of this city, leave the people here
behind
Searching for adventure, is the type of life to find
Tired of doing day jobs with no thanks for what I do
I'm sure I must be someone, now, I'm gonna find out
who

Why don't you ask them what they expect from you
Why don't you tell them what you are gonna do
You'll get so lonely, maybe it's better that way
It ain't your only, you've got something to say

Do anything you wanna do
Do anything you wanna do

Don't need no politician, tell me things I shouldn't need
Neither no optician tell me what I ought to see
No one tells you nothing even when you know they
know
But they tell you what you should do, they don't like to
see you grow

Why don't you ask them what they expect from you
Why don't you tell them what you are gonna do
You'll get so lonely, maybe it's better that way
It ain't your only, you've got something to say

Do anything you wanna do
Do anything you wanna do

Gonna break out of this city, leave the people here
behind
Searching for adventure, is the type of life to find
Tired of doing day jobs with no thanks for what I do
I'm sure I must be someone, now, I'm gonna find out
who

Why don't you ask them what they expect from you
Why don't you tell them what you are gonna do
You'll get so lonely, maybe it's better that way
It ain't your only, you've got something to say

Do anything you wanna do
Do anything you wanna do
Do anything you wanna do
Do anything you wanna do
