

Toten Hosen, Die "Head Over Heels"

I've been lurkin around for a very long time
I wanted a virgin to call her mine
when I saw you walking the street
my metal heart started to beat

you notice me, you rush and run
I'm after you and I'm gonna come
I got you, I turn you around
my iron hands rush you to the ground

Head over heels - you try to hide
Head over heels - but you won't survive
Head over heels - I'll be right aside
Head over heels - I'll break your pride

Gonna take your love away
stick my fingers in your eye
going to make to feel you small
bang your head against the wall

I'll be the hammer of your love
I'll be the one who makes you hurt
Don't you start to scream and cry
do you want me to flick my knife

Head over heels - you try to hide
Head over heels - but you won't survive
Head over heels - I'll be right aside
Head over heels - I'll break your pride
