I JUST WANT YOU (2008)

There's something I gotta say to you  
But I'm so afraid of what you'll do  
Ohhh  
I'll just admit this to you now  
That I'm stuck on you like glue somehow  
Ohhh

Don't wanna feel so cold inside  
I wanna feel the warmth that I feel with you all the time  
Surrounding me just like the wind  
'Cause you're the one who makes me sing

Help me find myself like how I found you  
Ohhh  
I need you so we can live happily too  
Ohhh  
I just want you x2

I wanna go out with you tonight  
A picnic with candlelight  
I might just hold you tight

Tell me you wanna be my queen  
If not it's OK, a princess seems just my type  
I promise I'll be there tonight  
I'll keep you warm in winter's white  
And in the summer walks on beach sound nice  
I want you now to talk with on the phone for hours at a  
time  
Baby I just want you to be mine all mine

Help me find myself like how I found you oh  
I need you so we can live happily too ohh  
I just want you

I wanna be your valentine, your Christmas wish, your  
pickup line  
I wanna be the one who knows about your friends and  
foes and the TV shows you love  
Look above the stars spell out your name with an  
exclamation point at the end of the day you're the one

who makes me say

Help me find myself like how I found you oh  
I need you so we can live happily too ohh  
I just want you x4
