Why couldn't I just kiss those lips,
I'd rather be rejected than regretting this,
I'm tired of being afraid,
I wish I could've made,
The choice to be the daring one in this relationship.

I know were just friends but i want you to know,
That I always think about being more,
I guess I'll never know,
I guess I'll never know,
How you feel,
Cause you got me wondering.

I want you to be that somebody who,
Needs me just like how I'm needing you,
But I'm just so scared,
I could not prepare,
For the moment when I looked you in the eyes.

So I guess I'll just wait for that afternoon,
We'll soak up the sun in the middle of June,
I can't ask you to wait but you know that I can't stay,
I'm a little too late,
But you got me wondering.

I'm holding on to this feeling I have,
I've got it so bad I just can't shake it off, shake it off,
When will my mind just be clear,
Of this move i should've made,
It's killing me cause kissing you,
Is what I wanna do.

I'm holding on to this feeling I have,
I've got it so bad I just can't shake it off, shake it off,
When will my mind just be clear,
Of this move i should've made,
It's killing me cause kissing you,
Is what I wanna do.

But now that you've got that somebody new,
Needs you just like how I'm needing you,
I guess I'll fade away

And now my skies are gray,
I'm a little too late,
You've got me wondering.
