Verse 1:

I'll hold the door
Please come in
and just sit here for a while.
This is my
way of telling you I need you in my life.

It's so cold
without your touch.
I've been dreaming way too much
Can we just
turn this into reality.

Chorus:

Cause I've been
thinking 'bout you lately.
Maybe you can save me,
from this crazy world we live in.
And I know we could happen,
cause you know that I've been feeling you.

Verse 2:

Storms they will come
but I know,
that the sun will shine again.
He's my friend,
and he says that we belong together.
I'll sing a song,
to break the ice.
Just a smile from you would suffice.
It's not me,

being nice girl this real tonight.

Chorus:

Cause I've been
thinking 'bout you lately.
Maybe you can save me,
from this crazy world we live in.
And I know we could happen,
cause you know that I've been feeling you.
I know you want me.

Bridge:

There's no other,
there's no other love.
That I'd rather have,
you know.
There ain't no one,
there ain't no one else.
I want you for myself.

Chorus (2x):

Cause I've been
thinking 'bout you lately.
Maybe you can save me,
from this crazy world we live in.
And I know we could happen,
cause you know that I've been feeling you.
I know you want me.
