bucket full of tears  
babe you know im here  
im here waiting

just close ur precious eyes  
and just realize  
im still fighting

for you to be with me  
sit under this tree  
and we can watch the sunrise

wake up feel the air that im breathin  
i cant explain this feeling that im feelin  
i wont go another day without you  
hold on i promise its gets brighter  
when it rains i'll hold you even tighterr  
i wont go another day without you

i know ur feelin down  
like no ones around  
but baby ur wrong

just get rid of the fear  
promise that im here  
i'll never be gone

so baby come with me  
we can fly away and we can see the  
stars shine

and baby you can be my love

this is me tonight  
no more games and no more lies  
and i know its right  
cuz of the way you look into my eyes  
and when i hold you tight  
the worries dissappear im glad ur in my life
