Love will soon ignite
Now we move so right
Please don't say goodnight

Just let me count the freckles on your knees
Baby please don't say goodnight
Sleep beneath the poinciana trees
Baby please don't say goodnight

Those Lahaina lights
Are so far from sight
Please don't say goodnight

To stop now would be such depravity
Baby please don't say goodnight
Can't resist the force of gravity
Baby please don't say goodnight

I don't wanna hear you
I don't wanna hear
Hear you say goodnight

Everything is gonna be alright
We can stare out at the sea all night

I don't wanna hear you
I don't wanna hear
Hear you say goodnight

Absolutely gonna be alright
Love without a referee all night

I don't wanna hear you
I don't wanna hear
Hear you say goodnight

Promise you it's gonna be alright
You just leave it up to me

Counting stars we lie
Under tradewind sky

Please don't say goodnight

Cause when I feel your heartbeat next to me
Baby please don't say goodnight
Captivated by sweet ecstasy
Baby please don't say goodnight

I don't wanna hear you
I don't wanna hear
Hear you say goodnight

Everything is gonna be alright
We can stare out at the sea all night

I don't wanna hear you
I don't wanna hear
Hear you say goodnight

Absolutely gonna be alright
Love without a referee all night

I don't wanna hear you
I don't wanna hear
Hear you say goodnight

Promise you it's gonna be alright
You just leave it up to me all night

I don't wanna hear you
I don't wanna hear
Hear you say goodnight
