Read my lips (it must be obvious I love you)
Read my lips (it must be obvious)
Read my lips (though I can't tell you that I love you)
Read my lips (it must be obvious)

Read my lips (it must be obvious I love you)
Read my lips (it must be obvious)
Read my lips (though I can't tell you that I love you)
Read my lips (it must be obvious)

Hard as I try to fight it
I get excited
The meeting of our eyes
It just intensifies

So I lose my senses
I got no defenses
There ain't nothin I can do
Except to stare at you

You got the secret combination to my heart
You want to take it all please do
Infatuation is just tearing me apart
I don't think you seem to see
I can't wait till the day we're both free

It must be obvious I love you
But you know
Loose talk sinks ships
Though I can't tell you that I love you
In public
Read my lips

Read my lips (it must be obvious I love you)
Read my lips (it must be obvious)
Read my lips (though I can't tell you that I love you)
Read my lips (it must be obvious)

Know who's my witness
First day of fitness
When I saw your sultry shape

And there was no escape

Set off my siren
Kept pumping iron
But all that my eyes would do
Was only stare at you

You got the secret combination to my heart
You want to take it all please do
Infatuation is just tearing me apart
I don't think you seem to see
I can't wait till the day we're both free

It must be obvious I love you
But you know
Loose talk sinks ships
Though I can't tell you that I love you
In public
Read my lips
