I'm going to change my mind
i can do it when i like
i'm not restricted by time
i'm going to change my mind
well i've been walking round blind
been walking round out of my mind
its time i realized
and opened up my eyes
oh oh i've got something to say to you
oh oh i've found something new about my
i've found something new about my
i've found something new about myself
and nobody else
a face in an empty space
youre not going any place
youre not gonna win this race

your face is an empty space
oh oh i've got something to say to you
oh oh i've found something new about my
i've found something new about my
i've found something new about myself
Look out
i'm going to change my mind
i can do it when i like
i'm not restricted by time
i'm going to change my mind
well i've been walking round blind
been walking round out of my mind
its time i realized
and opened up my
opened up my
and opened up my
and opened up my eyes
