Miss Trouble (Got a lot of Nerve)
as performed by
Tower of Power
Trouble is, she's very fine.
Trouble is, she's way out of line.
Trouble is, she's very smart.
Trouble is, she ain't got no heart.
She wants her way, she wants her say,
And if you play, she'll make you pay.
(refrain)
And if you look to Miss Trouble,
You'd best be gettin' gone.
She's lookin' to strike you out.
Correct me later if I'm wrong.
If you're lookin' for the fast ball,
She'll throw you a curve.
She's always there for last call,
Miss Trouble's got a lot of nerve!
(end refrain)
Trouble is, she's very likable.
Trouble is, she's likely to go psycho on you.
Trouble is, she's very devious.
Trouble is, she's most mischievous.
She's out to win, she'll do you in,
She'll play you like a violin.
{ Refrain }
Trouble is, she's very sneaky.
Trouble is, she's four-star freaky.
Trouble is, she's very live.
Trouble is, she's all the way jive.
She'll jack you up, and don't change the tire.
She'll get you hot then put out the fire.
{ Refrain }
