Heavy medicine ya see my eyes are feeling red again  
I'm bringin' light like Thomas funky Edison  
Been in the desert for forty seven days  
Purple haze the poison that I tasted never changed

Turn up the woofers so I can feel the beat  
Vibrate my belly like a bomb in harmony  
Summer heat my back is sticking to me to the seat  
Bare feet tank top and shorts is all ya need

Summer breeze I'm feelin' kinda fine  
I'm rollin with my shorty all the time  
Wind and grind lovely shake your behind  
Cinnamon skin be bringing sin to my mind

But whether or not the weather's hot or the weather's  
cold  
I'm wrapping her like a blanket with my whole soul  
So that she can feel me like Coca Cola  
I'm the woo oh oh the sweet thing

My girl lollipop she growing mad crops  
She rollin' herbs everyday at about 4 o' clock  
Tick-tock strike the hammer while the Iron's hot  
Oh girl watcha got cooking in the pot

See Mary Mary quite contrary  
How does your garden grow?  
Hydroponic ultra supersonic  
Or does it grow naturally slow?

Ganja babe my sweet ganja babe  
I love tha way ya love me and the way ya misbehavin'  
Ganja babe my sweet ganja babe  
Come wake body-ody take my mind away

Everybody get down and do the boogaloo  
Just like the cover of I want you  
Yoo hooo look watcha gonna do  
Watcha gonna do when the rent comes due

Round up the posse and call up the crew

5 bucks at the door and ya bring ya own booze  
Call ya neighbor 'cause they can come too  
Be sure and bring ya records 'cause I only got a few

So baa baa black sheep have you any wool  
Yes sir, yes sir a nickle bagful  
Some for my partner some for my crew  
Some for my ganja baby she needs 2  
'Cuz just like me they want to be cool

Ganja babe my sweet ganja babe  
I love tha way ya love me and the way ya misbehavin'  
Ganja babe my sweet ganja babe  
Come wake body-ody take my mind away

Ganja babe my sweet ganja babe  
I love tha way ya love me and the way ya misbehavin'  
Ganja babe my sweet ganja babe  
Come wake body-ody take my mind away

Take my mind away oh  
Take my mind away oh  
Take my mind away oh
