Iâ'm sitting here
Sitting all alone

Waiting for
For you to finally come

You left me for so long
And I just wanna see your face all alone

By car or plane
I want to see you anyway

Are you walking
By car or by plane
I want to see you anyway

Donâ't tell me
Leave it for a surprise

Donâ't show me
I want to see it with my eyes

Donâ't listen
It could hurt your virgin ears

Donâ't watch
Youâ'll start crying tears

By car or plane
I want to see you anyway

Are you walking
By car or by plane
I want to see you anyway

When are you coming
I just cant wait

When are you leaving
Donâ't tell me today

You just got here

And you're staying with me
Don't tell me
Leave it for a surprise

Don't show me
I want to see it with my eyes

Don't listen
It could hurt your virgin ears

Don't watch
You'll start crying tears

Why are you coming
I never said hey

You are dreaming
I don't want you to stay

When are you leaving
Maybe today

Hopefully
Then I'll never see your face

By car or plane
I want to see you anyway

Are you walking
By car or by plane
I want to see you anyway

Don't tell me
Leave it for a surprise

Don't show me
I want to see it with my eyes

Don't listen
It could hurt your virgin ears

Don't watch
You'll start crying tears

Just go
I don't love you

You must be dreaming
Here's your shoe

By car or plane

Do I want to see you?
No fucking way!
