Iâ€™m drowning in my sorrow
Just like always

Thinking of you
And how much I cant stand to be alone

But I guess it is what it's supposed to be,
But spare your thoughts of sympathy.

What's the point of never making mistakes?
It's all just a waste of time in the end.

Seems like each time I'm with you I lose my mind,
Maybe Iâ€™m just trying too hard

I sit back and wonder why
Why this died so fast

I hate it when you fake it
You can't hide it
You might as well embrace him

What a wicked game to play
To make me feel this way
What a wicked thing to do
To let me dream of you
What a wicked thing to say
You never felt this way
What a wicked thing to do
To make me dream of you
So break up with me
And take him in your arms

You donâ€™t do those things you used to anymore
Youâ€™re giving up
You know itâ€™s not what I need

And after all that you put me through
Now I see Iâ€™M NOT the only one

I don't want to try and just be friends
Nothing's gonna change my mind again

These days keep getting worse I'm wasting all my time
Thinking of you every second

Why did we just have to be friends
Can't you see, your everything to me

What a wicked game to play
To make me feel this way
What a wicked thing to do
To let me dream of you
What a wicked thing to say
You never felt this way
What a wicked thing to do
To make me dream of you

Early mornings, made by warnings,
What's the point of the alarm that I'm ignoring?

Remember when we would hang out every day, and we
would rather,
Not be told what to do or what to say, Cause nothing
mattered

Love ceased to exist
While we grew apart like never before

We are so young
our lives have just begun

but already we're considering
escape from this feeling

To hear you say it's not alright
God Let me be so dead and gone

What a wicked game to play
To make me feel this way
What a wicked thing to do
To let me dream of you
What a wicked thing to say
You never felt this way
What a wicked thing to do
To make me dream of you

My grip is loosening from your heart
Your losing me every second

Let me never see the sun
And never see you smile again

Let me be so dead and so gone
So far away from life

Close my eyes
And leave me alone

Because without you
Life is pointless

I'd never dreamed that I'd meet somebody like you
And I'd never dreamed that I'd need somebody like
you

But I wanna fall in love again
this world is only gonna break my heart again

What a wicked game to play
To make me feel this way
What a wicked thing to do
To let me dream of you
What a wicked thing to say
You never felt this way
What a wicked thing to do
To make me dream of you

Can't you see my darling
That the harder I try
The more we grow apart

I want you back more than anything
So please give me one more chance

I love your skin
oh so white

I love your touch
cold as ice

And I love every single tear you cry
I just love the way I'm losing my mind

Oh, at least you could try
for this one last time
It could be alright
for this one last time

What a wicked game to play
To make me feel this way
What a wicked thing to do
To let me dream of you
What a wicked thing to say

You never felt this way
What a wicked thing to do
To make me dream of you

I love you
I want you back

That's right
(I'm in love with you)
That's right
(I'm in love with you)
That's right
(I'm in love with you)
That's right
(I'm in love with you)
