When I first saw you
Walking down that hall

I would want you now
To fall

I came up to you
And said hi

But you never heard me
You just walked by

I know Iâ€™ll get you
Eventually

Cuz I can dream too

You will start to know me
Then love me again

Cuz I can dream too

You talk to me on the internet
Like youâ€™re my best friend

But then at school
You act like weâ€™ve never met

Ohh Julia
Why do you hurt me

It just makes me want
You more

Youâ€™ve slept with every guy
You whore

Cepâ€™t me
Always

You keep me
Wide awake

With you

I see you around
Your friends

But everytime you look at me
You laugh, You point, You act like you've never seen
me

But I,
Want you back!

I swear, I'll do
Anything for you

To get you back
For one more day

Ohh Julia
Why do you hurt me

It just makes me want
You more

You've slept with every guy
You whore

Cep't me
Always

You keep me
Wide awake

With you

Juliaaaa
Please take me back

Its your last chance
Your only chance

To have me in your
Arms, once again

Please take me back
(I'll be better this time)

Please take me back
(I'll be your best friend this time)

Please take me back
(Iâ€™ll be better this time)

Please take me back
(Iâ€™ll be your best friend this time)

Please take me back
(Iâ€™ll be better this time)

Please take me back
(Iâ€™ll be your best friend this time)Â
