Why is it so hard to say I love you
Is it because I don't or cuz I love you so

Did you know my eyes wer constantly staring at you
Did you feel them or pass them by

When that chill Goes up your spine
Its cuz im thinking of you

Did you smell the axe
I wore on that date

This is a love letter for you
But the words get confused

Sometimes I feel insecure
But you are the perfect cure

This is a lover letter for you
But the conversation dies

Dot these t's
And I'll cross these I's

Do you want this relationship to go by?

This letter looks like its goin great
But you screwed up on our one date

It's your fault
It's your fault
It's your fault
...

Why is it so hard to say I hate you
Is it cuz I don't or cuz I hate you so

Did you know my eyes were constantly staring
At the girl across the room

Why does that chill go up your spine
Cuz no guy would ever think of you

You needed axe
On that one date

This is a hate letter for you
And the words get confused

Sometimes I feel insecure
But you just make it worse

This is a hate letter for you
Hopefully the conversation dies

So we can end this shitÂ....

This is a love letter for you
But the words get confused

Sometimes I feel insecure
But you are the perfect cure

This is a lover letter for you
But the conversation dies

Dot these tÂ's
And IÂ'll cross these IÂ's

Do you want this relationship to go by?
It already hasÂ... Too bad!
