Slitting my wrist
Doesn't seem right

To bad!
It feels great to me (1st wrong)

Cussing out my dad
Every night
No way never (2nd wrong)

Stealing shit,
But I ain't a clepto
(3rd wrong)

NO RIGHTS!
3 wrongs don't make it right
Just cuz you scared at night
Just because your in fright
Doesn't mean 3 wrongs make shit right

Feeding toxic food
To the rich

Just to see them bitch, and die
(1st wrong)
I'm never right

Shooting at Americans
Just because Bush is starting clan
(2nd wrong)
Shit this is tight

Stabbing people left and right
Just to see them yell and of course die
(3rd wrong)
Never right

NO RIGHTS!
3 wrongs don't make it right
Just cuz you scared at night
Just because your in fright

Doesn't mean 3 wrongs make shit right

NO RIGHTS!

3 wrongs don't make it right

Just cuz you scared at night

Just because your in fright

Doesn't mean 3 wrongs make shit right

I have no right to do this

Yet I'm still allowed

Like a singing fool

Some people drool

So I kill kill kill

Kill the government

Kill the government

Kill the government

Kill the government

The governments going down

Today

The governments going down

Today

I got no rights

So I kill kill kill

NO RIGHTS!

3 wrongs don't make it right

Just cuz you scared at night

Just because your in fright

Doesn't mean 3 wrongs make shit right

Kill the government

Kill the government

Kill the government

Kill the government

The governments going down

Today

NO RIGHTS!

EVER

Forever

And ever...
