If you didn't want to hurt me
Then why did you do it in the first place

If you wanted to help me
You don't say "Oh sorry I forgot"

You should say " Oh yes dear right away"

If you wanted to hug me
You shouldn't of stabbed me in the back

The night before...
Take the knife out
And stab yourself

(SILENCE)

Hurts huh?

Get out of my dreams
Get out of my life
Get out
Get out
Get out of my life

Get the knife out
Get the devil out of my soul
Get it out
Get it out
Get it out of my life

Get out of my dreams
Get out of my life
Get out
Get out
Get out of my life

Get the knife out
Get the devil out of my soul
Get it out
Get it out
Get it out of my life

Ever since your first step
Into my life

Burning hot
It's a shitty place

You've got a bad side
But a pretty face

I was deceived
Like always

When I'm with you
That's all you do to me

We said we'd be together forever
Forever isn't a week

Sorry baby

Get out of my dreams
Get out of my life
Get out
Get out
Get out of my life

Get the knife out
Get the devil out of my soul
Get it out
Get it out
Get it out of my life

Get out of my dreams
Get out of my life
Get out
Get out
Get out of my life

Get the knife out
Get the devil out of my soul
Get it out
Get it out
Get it out of my life
Get out of my life

Out of my life
Out of my life
Out forever and ever
Whenever or wherever
Just out of my life...
