Do you ever get the feeling
That someone is watching you

Intently looking
In on you

Well that guy
Is me

Everyone I see
But you don't it's I

Just sit down
And cry

I'm everywhere
You've been

I've been there
And back again

I'm you stalker
Your friend
You'd never suspect me
But I watch you night and day
Check the closet next time!
(cuz I'm there)
Check the closet next time!
(cuz I'm there)

Everything happens for a reason
Too bad the reason is unknown

You can feel my eyes
But you still let me spy

I'm always there, same spot
You've never come across me

Are you stupid?

Check the closet next time

Anney!
Check the closet next time
Anney!

Cuz Iâ€™m in there

Same spot
But youâ€™ve never came across me

Are you stupid?

I think you know Iâ€™m there

But you get a good feeling
Knowing someones watching youâ€¦

(Silence)

Mickey caught me
One time

Spying on you
But he didnâ€™t care

He said you liked it

I knew
Anne

About you
Anney

Donâ€™t try
Anney

To hide

It anymore
I know Anney
I know Anney
I know
(About your secret)
