I know you'll be there when I need help,
An' I know you'll guide me through this hell,
And I know when I go,
You'll be there,

(Chorus)
(Cuz your my mirror image
Your my opposite side,
We are nothin' alike,
Yet we're the same kind,
The shadow I find can become my worst fear,
But I know you'll be here)

The day I die,
I won't be a long lost soul,
Longing for someone that I don't know,
A trapped soul haunting people that I can't touch,
But I'll have them in my clutch,
Dangling from a string,
My personal voodoo doll,
But the portal to the underworld is through you,

(Chorus)
(Cuz your my mirror image
Your my opposite side,
We are nothin' alike,
Yet we're the same kind,
The shadow I find can become my cherished fear,
And I know you'll be here,
Oh,
You'll be here)

[Regular Talking]

- My mirror image sees what I do,
My mirror Image always comes through,
My open door had been closed,
And my life will un-fold, -

(Chrous)
