Torcher My Love

By: Toxic Tears

Album: Your Face...That's What.

All the colors that you see,
Mine is the one you'll be,
I know you think that makes no sense,
But form your essence,
Collapse at my feet,
Crawl on your knees,
I'll make you do what I want you to,
So jump,
And scream till tommorow,
Stomp,
At your fears and sorrow,
So member your minority,
Scream in sonority,
chorus-
(Cuz,
When it's Violet,
Or Blue,
Maybe you'll come through,
Otherwise,
I'll make you grow to a size,
Where you can't hide,
And they'll find you,
They'll hurt you,
Burn and die,
Don't forget to cry,
And say goodbye,
Goodbye,)
Grab the pickaxe,
Run for cover,
One to a million,
A million to another,
Maybe you shouldn't go,
Breakin' people's hearts,
Maybe you just know,
What's coming to you,
Do you like it?
Nine 'O' Clock,

Got nowhere to go,
You blow,
chorus-
(Cuz,
When it's Violet,
Or Blue,
Maybe you'll come through,
Otherwise,
I'll make you grow to a size,
Where you can't hide,
And they'll find you,
They'll hurt you,
Burn and die,
Don't forget to cry,
And say goodbye,
Goodbye,)
Goobye my love,
Forever strong my love,
Hang on my love,
You've lost my love,
Goodbye.
