Contaminated Hate

There is no hope, happiness, love or compassion
Those lies didn't work out for the centuries
God is a fake, that lie brought us disappointment and
pain
Clear-minded I see the light beyond the god

Contaminated hate
Grow as I grasp the truth
Religion of lies, Indoctrination crime
Contaminated hate
Filled with stupid principles
I only see the failure of their holy words

As a creature of darkness I found my way through the
exit wound
Flash tunnel that led me to the disaster of dogmatic
human philosophy
Where the rules exist fictional reality becomes my path
With ones who suffer and ones who enjoy upon their
pain

(I saw ideologies falls by the theistic madness)
Contaminated hate
Grow as I grasp the truth
Religion of lies, Indoctrination crime
Contaminated hate
Filled with stupid principles
I only see the failure of their holy words
