Opening A Window To The Past

Captured in the present state of mind
Roused by the light that came in
Forgotten memories rise from the past
As impulse wake your brain's chemical process

OPENING A WINDOW TO THE PAST!!!

Your emotions rippin' your
Internal manifestation of soul
It's a real vision, timeless structure
You shall see their existence beyond the limits of
SPACE

Feel the forgotten air
Once have been so near
Your past is closed inside
Reveal the thresholds of time

Captured in the present state of mind
Blinded by the light that came in
It's a real vision, timeless structure
An ancient message beyond the limits of space

OPENING A WINDOW TO THE PAST!!!

Feel the forgotten air
Once have been so near
Your past is closed inside
Reveal the thresholds of time
