Your hatred is causing pollution
Therefore we are all gunna die
There are things that you try to hide
Behind all that hatred inside

Lieing Away
In the middle of the night
Leaving today
I dont need you know

No therapy can treat you
Only drugs can treat you
Nothing else my work
This world is going to hell

Lieing away
In the middle of the night
Leaving today
I dont need you now

Your heart's desire
can't treat you now
So fuck off bitch
I mean right now!!!
