All my words  
Seem to fade away  
From all the attention  
That you never paid  
But what it all comes  
Down to in the end  
All you want  
Is to be my fuckin friend

What is it that you never  
Want to go out with me  
Is it because there is something  
Wrong with me you see

Just tell me the  
God's honest truth  
I call you a lot  
From a hidden phonebooth  
If i didn't like you  
I wouldn't bother  
I want to have a child with you  
So i can be a father

Why is it that you never  
Want to go out with me  
Is it because there is something  
Wrong with me you see

Your the one i love  
With a heavy passion  
Even though my close  
Arn't the greatest fasion

Why dont you like me  
For who i am  
Just go out with me  
Who gives a damn

So why do you love me  
Lost in the vally  
You fucked with my head  
Like i'm fucking brain dead

Why is it that you never  
Want to go out with me  
Is it because there is something  
Wrong with me that you see
