I have lost my will to live.
So many things i can not give.
Lived my life in dakened places.
I have seen so many faces.

You don't even notice me.
You don't even know my name.
You just won't leave me alone.
I guess i'm the one to blame.

I can't take this shit anymore.
I can't leave you here anymore.
How did you take my life Away.
But i guess thats the way.
That you want to play.

Lost in my own reality.
Takeing everything so seriously.
I won't see you here no more.
With that one thing i ignore.

You don't even need me.
I wait here alone.
Throw me around like
I'm a piece of trash.
Flick me on the ground
Like a ciggerette ash.

I can't take this shit anymore.
I can't leave you here anymore.
How did you take my life Away.
But i guess thats the way.
That you want to play.

I can't take this shit anymore.
I can't leave you here anymore.
How did you take my life Away.
But i guess thats the way.
That you want to play.

I am so scared.
I am so lost.

I am so bared.
I am so tost.

I can't take this shit anymore.
I can't leave you here anymore.
How did you take my life Away.
But i guess thats the way.
That you want to play.

To play.....
