I've been called many names, even painted a traitor  
Born just to be my father's doom  
A pawn to be used sooner or later  
But already cursed inside the womb  
How can I forgive the man  
Who'd devise a plan  
Meant to kill his own blood  
Sending boys my age out on the sea  
Hoping one of them was me  
Just to be free  
Now I'm branded  
Stranded  
Like an evil spirit lost in time  
Branded  
Left empty handed  
But I'll be back and claim what's mine  
He's wrong to believe that he can defy me  
'Cause I won't rest till justice is done  
I've got a right that he can't deny me  
His incestuous rebel bastard son  
Like a wolf outside the pack  
Ready to attack  
Only waiting for the right time  
I'll take the Crown by sheer surprise  
Confront him with his lies  
He'll pay the price  
Cause I'm branded...  
That night I made him lose his innocence  
His only heir begotten in ignorance  
He should have traced me  
Found me and raised me  
But he chose to hate me instead  
For what you did there is no remedy  
You took his seed to make his enemy  
He'll never accept you  
Befriend and protect you  
No, he only wanted you dead!  
Like a wolf outside the pack  
Ready to attack  
Only waiting for the right time  
I'll take the Crown by sheer surprise

Confront him with his lies  
He'll pay the price  
So we're branded  
Stranded  
Like an evil spirit lost in time  
Branded  
Left empty handed  
But I'll be back and claim what's mine  
We're branded  
Branded
