Watching belly grow  
There's so much I would like to know  
Such a strange affair  
Is it really there?  
Is it really so?

Doctor knows what's best  
Little work and a little rest  
Don't misunderstand  
He's a clever man  
You can trust his test

But time will come that doctors want to know  
What you would like  
Or what you would prefer  
A boy or a girl  
Then you'll look at her  
And not find the words

Now what do you want?  
Daughter or son  
Picking the one  
Daughter or son

Science taking giant steps  
It's bringing back the fun  
What do you want?  
Daughter or son?

Man controlling life  
So afraid he might not survive  
If you only knew  
What they're doing to keep us all alive

Such a big mistake  
To decide if we give or take  
Little mystery  
Waiting patiently  
For it's time to wake

But time will come that doctors want to know

What you would like  
Or what you would prefer  
A boy or a girl  
Then you'll look at her  
And not find the words

Now what do you want?  
Daughter or son  
Picking the one  
Daughter or son.
