Finding the treasures that lay hidden in my lonely cave
Holding the secrets which were born inside this crystal
Grave
I'm the seeker my mind's my tool
Call me magician or fool...
There's a place in the hills
Where I practice my skills
Bard of the unseen, a prophet- I'm Merlin
My dreams are real

I've seen it all in the stars
I've heard it all in the wind
There's a voice in the dark
Making me answer the sign
Only the Gods choose the time
For the voice in the dark

Take a look at the Falcon make sure that I'll follow
It's trail
Leading through the Wild Forest, you know he's in
Search of the Grail
I'm Merlin I know how to cope
When visions appear in my globe

The sorcerer in the black robe
I am Merlin

Though my face is a mask yet I know what's my task
I'll be guardian of Arthur, the regent, the future king
The fire of wisdom reveals me everything
The mirror flashed, a vision passed
As I heard voices sing...

I'm always living alone
An ancient cave is my home
See the look in my eyes
They think I'm a mysterious man
Cause people do all they can
To avoid evil eyes

Making signs just to ward off enchantment but don't be

Afraid
If you're ever in need of me I'll surely come to your
Aid
I've been given the gift of the Sight
I'm Merlin the Child of the Light
My power can strike people blind
I am Merlin
