water and sand and the rising beyond my view
alone I stand here it's calling you
there is a reason to be here and cry
I know the ocean will understand why
the feeling the way I do

tasting the salt and the wind cries your name again
sharpened so cold makes me feel I've lost a friend
there's a reason that I'll never know
I couldn't follow why you had to go
and I can't comprehend

the wind blows away my fears
the ocean will drown all my tears
'cause I've got to survive though I need your loving
here

Seagull ... take my love wherever you may fly
Seagull ... bury all my feelings for her
to a place somewhere in the sky

[guitars]

there's a reason that I'll never know
I couldn't follow why you had to go
and I can't comprehend

the wind blows away my fears
the ocean will drown all my tears
'cause I've got to survive though I need your loving
here

Seagull ... take my love wherever you may fly
Seagull ... bury all my feelings for her
to a place somewhere in the sky

oh oh oh

Seagull ... take my love wherever you may fly
Seagull ... bury all my feelings for her
to a place somewhere in the sky
