Duke of battles, let me once more be your guide
I'm the lightning, shooting through the sky
Duke of battles, don't start another fight
Or on the morrow by his hand you will die
Duke of battles, let the regent have his say
He's the serpent striking at your kingdom's heel
Seal a truce and grant him lands to reign
Or your blood will be joined on the Camlann field...
An adder bites
A sword is drawn
The armies move
The battle's on...
We'll fight a last battle
I've taken your Crown, and I'll take your Queen
I've got a score to settle
By bringing you down, destroying your dream
We'll fight a last battle
Like father like son
And I think you know what I mean
Pendragon
Finally face to face
White and black, black and white
Once again I'll show you what I mean
Pendragon
This is the day of days
Right or wrong, wrong or right
I've always known my time would come
Who'll rule the land when you are gone
Your scorned and branded traitor son
You did not want to know
We'll fight a last battle
I've taken your Crown, and I'll take your Queen
I've got a score to settle
By bringing you down, destroying your dream
We'll fight a last battle
Right here and now
Once and for all...
