(University professors)

So you want to be a student at the university
Here in Montpellier to get yourself a fine degree
We can make you a doctor just as long as you will see
We're in charge we run the show
We'll teach you all you need to know
And more

We've been told you know the name of each and every
star
But remember, boy, that will not get you very far
So don't waste our time and yours, no matter who you
are
We're the boss, we set the rules

Yes we make wise men out of fools
Or worse

But if you think it's all a game
And if you think you really being clever
And if you think those books are all the same
We can only tell you that you never ever

Be a proper student at the university
Here in Montpellier and get yourself a fine degree
Never be a doctor if you refuse to see
We're in charge we run the show
We'll teach you all you need to know
No more
