And you don't stop
And you don't quit
And you don't stop
And you don't quit

Everybody ona move
Everybody let's move
Everybody ona move
Everybody let's move

The movement
Is like a phenomenon
You never know where it's comin' from
You never know when the next big sound gonna come

Baghdad, Hong Kong
Tokyo, King Kong
Synagogue, singsong
Hot beat, car bomb

Don't matter who's on the chart number one
Spearhead sound for the people everyone
Thunder comes from the bass and the drums
Rain or shine never stop anyone

I like my bass loudy, loudy, louder!
I like my bass loudy, loudy, louder!

Everybody ona move
Everybody let's move
Everybody ona move
Everybody let's move

Oh, yes
And you don't stop
And you don't quit
Oh, yes, yes, yes, yes

Touchin' down on mother earth
I take mud and turn it into pottery
Lottery, I give all a chance
As I welcome all to the dance

Angel, criminal, animal
Mineral and spiritual

All sinners, all head-spinners
So-called experts, we're all beginners
Enter the age of Aquarians
Carnivores and vegetarians

It's the next sound wave
Soon I may, ah, ask you to behave
El Presidente, you behave
Once war stops sendin' us to the grave

Vamanos, Vamanos
All walls will fall like dominoes
Earthquakin' and shakin'
Please don't stop, rock

Everybody ona move
Everybody let's move
Everybody ona move
Everybody let's move

Oh, yes
And you don't stop
And you don't quit
And you don't stop

Yes, all walls will fall
All walls will fall
I never quit, I never give up
I'd hate to have me as my own enemy

Because music is not competition
Music is not repetition
Music is love, love for the masses
Love for all classes

Love conquers all
Love accepts all, love respects all
Love dares to dream
A love supreme, a love supreme

Soldier of fortune, open your cookie
Unfold the paper, stop looky looky
Takin' order, the march to the kitchen
Food for the masses, that's the new mission

Salam shalom, shalom salam
The one sound louder than a bomb

The whole world sings this song
Check it, stop, rock

Everybody ona move
Everybody let's move
Everybody ona move
Everybody let's move

Oh, yes
And you don't stop
And you don't quit
And you don't stop
Hold up, hold up, I forgot something

I like my bass loudy, loudy, louder!
I like my bass loudy, loudy, louder!

This track is love fortified
This track is love amplified
This track combats genocide
Seven inch Jamaican forty five

Take a trip Gaza strip
ID's, a bob up, flip
I rock black scorpions
And a shout out to Ethiopians

Shot rings out everybody gonna run
One woman cries out for the loss of her son
Hold it high everybody everyone
All roads lead to love or the one

Don't you forget why you came to the dance
Might never ever be another better chance
Don't you forget why you came to the dance
The drums and bass are the king of the dance
Take a [Incomprehensible]

Everybody ona move
Everybody let's move
Everybody ona move
Everybody let's move

Oh, yes
And you don't stop
And you don't quit
Come on, come on

Everybody ona move
Everybody let's move
Everybody ona move

Everybody let's move

Big people on the move
Little people on a move
Young people on the move
Old people on a move, come on

Everybody on a move
Everybody let's move
Everybody on a move
Everybody let's move
Yes, yes, yes

Touchin' down on mother earth
I take mud and turn it into pottery
Lottery, I give all a chance
As I welcome all to the dance

On a move
Everybody let's move

And you don't stop
And you don't quit
Keep rockin', keep rockin' it
Keep shockin' it, come on
