Heavy medicine, ya see my eyes are feeling red again
I'm bringin' light like Thomas funky Edison
Been in the desert for forty-seven days
Purple Haze, the poison that I tasted never changed

Turn up the woofers so I can feel the beat
Vibrate my belly like a bomb in harmony
Summer heat, my back is sticking to me to the seat
Bare feet, tank top and shorts is all you need

But summer breeze I'm feelin' kinda fine
I'm rollin with my shorty all the time
Wind and grind lovely, shake your behind
Cinnamon skin be bringing sin to my mind

But whether or not the weather's hot or the weather's
cold
I'm wrapping her like a blanket with my whole soul
So that she can feel me like Coca Cola
I'm the woh woh sweet thing, my girl lollipop

She growing mad crops
She rollin' herbs everyday at about 4 o' clock
Tick, tock, strike the hammer while the iron's hot
Ooh, girl watcha got cooking in the pot?

See Mary, Mary quite contrary
How does your garden grow?
Hydroponic, ultra-supersonic
Or does it grow naturally slow?

Ganja babe, my sweet ganja babe
I love the way you love me and the way you misbehavin'
Ganja babe, my sweet ganja babe
Come wake my body-ody take my mind away

Everybody get down and do the boogaloo
Just like the cover of 'I Want You', you hoo
Look watcha gonna do, watcha gonna do
When the rent comes due?

Round up the posse and call up the crew

Five bucks at the door and you bring your own booze
Call ya neighbors 'cause they can come too
Be sure and bring ya records 'cause I only got a few

So baa, baa, black sheep have you any wool?
Yes sir, yes sir, a nickel bagful
Some for my partner, some for my crew, some for my
ganja baby
She needs too for just like me they long to be high

Ganja babe, my sweet ganja babe
I love the way you love me and the way you misbehavin'
Ganja babe, my sweet ganja babe
Come wake body-ody take my mind away

Ganja babe, my sweet ganja babe
I love the way you love me and the way you misbehavin'
Ganja babe, my sweet ganja babe
Come wake my body-ody take my mind away

Take my mind away
Take my mind away
Take my mind away
