I've been traveling down this river  
So many rocks pop up in my sight  
I got to make some quick decisions  
Should I go left or should I go right?

I pray for guidance and protection  
It keeps my boat water tight  
And I know if I just keep on believing  
Every little thing's all gonna be alright

And when I wake up in the morning  
I hope I see you in the light  
And when I wake up in the morning  
I hope I see you in the light

And loveliness and tenderness  
And happiness and openness  
And togetherness and loveliness  
Yeah, yeah

The vampires gather around me  
Angling to take a bite  
They wanna drink my blood of courage  
And try to take away my fight

But no, no, no, they can't do that  
No, for one truth I learned in life  
You want to scare away the vampires  
You simply guide them into the light

And when I wake up in the morning  
I hope I see you in the light  
And when I wake up in the morning  
I hope I see you in the light, yeah

In the morn, in the morning  
In the morn, in the morning  
In the morn, in the morning  
In the morning

And when my time is done  
I did some right, I did some wrong

Call my name to kingdom come  
Spread my wings in flight

I hope that when my day is over  
My love I see you in the light, yeah  
And when I wake up in the morning  
I hope I see you in the light

And when I wake up in the morning  
I hope, I hope, I hope I see you

In the morn, in the morning  
In the morn, in the morning  
In the morn, in the morning  
In the morn, in the morning

Loveliness and tenderness  
And happiness and openness  
And togetherness and hopefulness  
And happiness, yeah, yeah
