And I feel defeated  
And I feel deceived  
And I see the ceiling  
With nowhere to go  
And nothing to show for it  
If I steal it would you miss it  
And if I scream out would you listen  
Cause I'm way down tired  
And drawn all out of the lines  
And I must be half alive

Cause I'm inside down  
And outside up  
it's so easy- it's 101- apathy  
And I feel cheated  
Cause it's so damn easy  
To lose myself  
And I see where I got me  
Well, where are you now?  
I'd like to see
