-There's something in my way
That kills me every day
But I know I'm okay
All alone
There's something in my mind
That kills me every time
But I know that I'm right
All alone
He said it's up to me
He said it's alright
And everybody's got the right
It's up to me
And it's alright
And Dr. Bre has found a way
To make it right
There's something on my mind
That gets me every time
But I know that I'm right
All alone
Every single day
There's something in my way
But I can't heal the pain -

All alone
It's up to me
It's up to me, yeah
It's up to me
It's up to me, yeah, yeah
It's up to me
With a will in your hand
And the will in your plan
He gives you the call
You spit on the wall
He says that you're up
When you know that you're down
He says that you're left
When you know that you're right
He gives you the words
He gives you the words
He gives you the words
He said it's up to me , yeah, yeah
It's up to me, yeah, yeah, yeah

It's up to me, yeah, yeah
It's up to you...
