-Close and lock the door
Keep it cold and damp
Cut my bones up small
Drain my neck
Tie me up
Around your melted thighs
Wear me up your sleeve
And lose my mind
A greeting in hand...
Same I am
Faded green eyes
Jaded green lies
The greed inside - I said
You're diggin' on my remains now
You're diggin' on diggin' on diggin' on
You're diggin' on my remains now
Diggin' on diggin' on diggin' on

Ageless the plan
Same I am
Faded green eyes
Jaded green lies
The greed inside - I said
You're diggin' on my remains now
You're diggin' on diggin' on diggin' on
You're diggin' on my disease, yeah
You're diggin' on my remains
You've never known my disease, yeah
You're diggin' on my remains - I say
Close and lock the door
Keep it cold and damp
Cut my bones up small
Drain my neck
