Yeah, I heard you
But I won't look at your face
It won't take a genius
To see what's out of place
I'll change everything
So one thing stays the same
You'll never know
About the mistake that I made
But what am I gonna do?
Cos the cat saw everything
I need a real bad mood
Cos the cat saw everything
I look so tired
And I feel about the same
And I confess
So I'll take this to my grave
You think I'm acting weird
And there's nothing I can say
The cat's in your lap again
Watching me pray

So what am I gonna do?
Cos the cat saw everything
My piece of mind is doomed
Cos the cat saw everything
We're all getting nothin
Should've seen it coming
Show me the door
Because the cat saw everything
Fucked for the duration
Overt manipulation
Apparently so
Because the cat saw everything
Well I can't hear you
I don't see your face
Cos I am very alone
And there's my rightful place
The cat still flourishes
Here tomorrow gone today
Paranoia while the cat's away
(G. Mayfield)
