-Easy now
I'm not prepared with a cure
Easy now
You don't know and you can't be sure
Am I to wonder
Would you help me figure this out
Am I the one, am I the one
Am I to wonder
Should I be frightened
What will be done
What will be done

What will be done
What will become
The name of the son
Dark and covered
Afternoon - still
Reconsider
The sweetness I had known that kills
What will I do
When I look down and see
The needy stare
Of my own eyes looking up at me
